Liftgate Charging Systems

The DIRECT™ nosebox line combines all the best features of our original liftgate charging systems with a space-saving 7-way nosebox.

It also includes an interior light controller designed to turn the lights on inside a trailer and automatically shut them off either:

- via a timer
- if the liftgate batteries drop to a low state of charge.

KEY FEATURES

- COMBINES CHARGING SYSTEM INTO 7-WAY NOSEBOX
- MAINTAINS AND PROTECTS BATTERIES
- MAXIMIZES BATTERY LIFE AND REDUCES DOWNTIME
- PROVIDES INTERIOR LIGHT CONTROL
- CONTINUES TO CHARGE FOR A TIME AFTER THE TRACTOR ENGINE SHUTS OFF
- REPLACEABLE RECEPTACLE IN CASE OF DAMAGE
- EASY TO READ LED INDICATION
