

# THE GREEN WAY TO CHARGE YOUR BATTERIES

## BENEFITS OF THE SOLAR BOLT

01

### BATTERY LIFE EXTENDED

Solar power maintains your batteries at a high state of charge, helping them to stay healthy and last as long as possible.

02

### LIFTGATE CYCLES MAXIMIZED

Liftgate batteries often don't have time to re-charge between stops; keep batteries topped off and ready for the next lift!

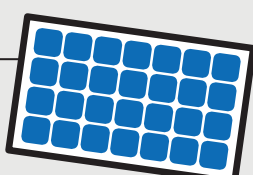

03

### DOWNTIME MINIMIZED

With your batteries always powered up and ready to go, drivers won't be slowed down by battery-related downtime.

## ROI CALCULATOR

### ASSUMPTIONS

Days on the Road Per Year ..... **300**  
 Road Call Cost ..... **\$1,000.00**  
 Truck Idle ..... **10% of Day**  
 Fuel Used Per Hour Idle ..... **1 Gallon**

### PAYBACK PERIOD

2 Panels ..... **8.7 Months**  
 2 Panels: 5-Year ROI (\$) ..... **\$7,684.80**  
 2 Panels: 5-Year ROI (%) ..... **693%**

INCLUDES  
**WORLD-CLASS SERVICE**

**PROVIDES POWER TO YOUR BATTERIES**  
WHETHER VEHICLE IS ON OR OFF
